

## TECHNICAL DATA SHEET

**STONDER BRAKE CLEANER SPRAY** – A powerful and very efficient product for cleaning brake rotors, callipers and other brake system and clutch parts. It is excellent at removing residues of brake fluid, oil and grease. The brake cleaner instantly does away with any dirt and degreases the cleaned surface, removing any squeaking and slipping of the brake pads and shoes. It does not leave any runs or promote the corrosion of metal components.

Do not use the brake cleaner on paint, rubber, or plastic materials.

VOC II/B/e limit = 840 g/l VOC < 708 g/l.  
SHELF LIFE 48 months/20°C

Vol. (ml)	Name	Article no.	Colour	units/pack.

### OTHER INFORMATION

The effectiveness of our systems results from laboratory research and many years of experience. The data contained herein meets the current knowledge about our products and their application potential. We ensure high quality, provided the user follows the instructions and the work is performed in accordance with good workmanship. It is necessary to do a test application of the product due to its potentially different reaction with different materials. We may not be held liable for defects if the final result was affected by factors beyond our control.
